FLUID HANDLING SPECIALISTS
SALES • SERVICE • TECHNICAL EXPERTISE

Since 1978, Pump Energy has offered customers the highest quality pumps, parts, engineering services, pump repair, fabrication, and unitization – packaging, with the prime mover and mechanical seal of your choice.

PUMP TYPES
- ANSI Durco (Metallic & Non-Metallic)
- API Centrifugal
- Split Case
- Vertical In-Line
- Vertical Turbine
- Submersible
- Self-Priming
- Rotary Gear
- Rotary Screw
- Magnetic-Drive
- Regenerative Turbine
- Hydraulic Cell Diaphragm
- Air Operated Double Diaphragm
- Liquid Ring Vacuum
- Dry Screw Vacuum

Flowserve is the leading manufacturer of centrifugal, gear pump products, and services. Flowserve pumps and seals help move, control and protect the flow of materials around the world. We represent and service all Flowserve heritage brands.

Heritage Brands: Durco • Ingersoll-Rand
- Ingersoll-Dresser Pump or IDP • Byron Jackson
- Pacific • Worthington • Aldrich • Wilson-Snyder
- United • Scienco • Sier-Bath Rotary
- ACEC Centrifugal • Western Land Roller
- Sterling/Sihi

Gorman-Rupp’s extensive line of pump products include self-priming centrifugal pumps, standard centrifugal pumps, submersible pumps, trash pumps, priming assisted pumps, and rotary gear pumps.
PRODUCT LINES

CRANE PUMPS & SYSTEMS

From large scale industrial applications to household and personal applications, Crane Pumps & Systems offers a diverse array of pumps, systems and related equipment. Depending on the type, many products are available in Stainless Steel, Bronze Fitted, All Bronze and Cast Iron. Crane Pumps and Systems heritage brands include:

BARNES, burks, WEINMAN, PROSSER, CROWN, DEMING

MP PUMPS, INC.

MP Pumps quality centrifugal pumps for any industry and market with a wide variety of pump models, sizes, construction materials, motor options.

Wanner Engineering builds the pumps required to combat the most “miserable” fluids. Hydra-Cell Seal-less Diaphragm Pumps, Hydra-Cell Metering Pumps

BJM Pumps

BJM pumps can handle most solids, food residue and waste, as well as wastewater and stringent chemicals used to keep equipment clean. Pump types include General Dewatering, Sand, Sludge & Slurry, Solids Handling, Hydraulic and Corrosion Resistant.

ROPER PUMPS

® Recognized worldwide as a leading supplier of industrial pumps including helical gear pumps, progressing cavity pumps, pumping systems, and solutions. As an ISO 9001:2000 certified designer and manufacturer, Roper Pump Company is setting the standard for premium quality products.

SANDPIPER

A WARREN RUPP, INC. BRAND

Since 1965, SANDPIPER, a Warren Rupp, Inc. brand, has held a leading position in the air-operated double diaphragm (AODD) pump market with the broadest range of pump sizes, types and models that meet the need in a vast array of applications.

GRUNDFOS

Grundfos is a world-class manufacturer of pumps, pump systems, and controls. Specializing in centrifugal and dosing applications, Grundfos offers a wide range of varying products to suit many different pumping applications and system requirements.

VICAN PUMP

Vican Pump manufactures Rotary Gear Positive-Displacement Pumps for fluid-handling applications.

Gardner Denver

Drilling/Mud Pumps • Stimulation/Fracturing Pumps
Well Service Pumps • Production & Industrial Pumps
Centrifugal Pumps • Hydrostatic Testing Pumps
Waterjetting Pumps
